Learn more about the Master of Athletic Training (MAT) program at the University of Arkansas. You'll meet faculty and students, learn about the program and its exciting opportunities, tour facilities and have an opportunity for Q and A. To attend an information session, [please sign up today](#) or scan the QR code

PROGRAM HIGHLIGHTS

- ◆ The University of Arkansas has a rich history in master's-level athletic training education and has been accredited since 2005.
- ◆ The program focuses on creating patient-centered and evidence-informed healthcare providers who can serve as advocates for their patients both on and off the field.
- ◆ Clinical placements are possible in diverse settings including universities, secondary schools, physician and therapy clinics, professional sports, and emerging settings.
- ◆ The program has a high average, first-time pass rate on the Board of Certification exam over the past 10 years.
- ◆ We have excellent job placement of graduates at universities, high schools, in physician's offices and with professional sports leagues and government agencies.
